

SHINKO

CORPORATE PROFILE

SHINKO WEL-TEC SERVICE CO., LTD.
THE PROFESSIONAL WELDING SERVICE

SHINKO FA SYSTEM CO., LTD.
THE PROFESSIONAL MACHINE DESIGN

SHINKO

Shinko Wel-Tec Service Co., Ltd. had been established since August 9, 2007. We have experiences for more than 10 years in operating the business and we are the expert in Welding Electrode products that are used in the automotive industry.

Our job will cover since the design, the production and the distribution of those products by cooperating with large size providers of raw materials for letting customers to receive the highest satisfactory.

The stability and the growth of the company will come from the development of personnels to be resources for creating the creativeness

of the new that is created from the imagination from the efficient operation of social resources such as; the human, the material, the capital and this will reduce other losses that is created needlessly. We believe that those things will be the good result for the nation and the society as same as the good desire that our company have desired to let every staff to have the good life in the society and will face the happiness and the growth.

Our staffs will try the best for attaining the satisfactory of customers with providing the best product in the suitable price and the fast delivery management. In order that, with the practice to let staffs to do as their dream and don't fear to be failure by developing own techniques and the focusing of the production with the safety. This will have the confidence to receive the trust from customers as in the past time or more than this time period onwards.

Mission

1. This will increase the marketing capacity.
2. This will increase the selling channel.
3. This will increase the capacity in producing products.
4. This will increase modern machines by using the high production technology.
5. This will increase the working efficiency. Staffs will have skills, the proficiency, the realization. They will have the good attitude and can think systematically.
6. This can increase the capital source.

Shinko Wel-Tec Service Co., Ltd.

Paid-in Capital	:	12.16 Million Baht
Head Office	:	105/43 Moo 3, Bangna-Trad KM.52 Rd, T.Thakham, A.Bangpakong Chachoengsao 24130
Ayutthaya Branch	:	Room 3105 Building No.3, 99/8 M.4 Rojana Road, Kanhm Sub-District, U-Thai District, Pranakornsri-Ayutthaya 13210
304 Branch	:	558/15 Moo 7, T.Tatoom, A.Srimahapho Prachinburi 25140

Business Description

- ⊗ Production of electrode for spot welder and design
- ⊗ Production of electrode for arc welder, design and production of nozzle and others.
- ⊗ Production of Machine parts/special tools and Jig design.
- ⊗ Handling of special material as; KCF, Beryllium copper, Ceramics, Tungsten, etc.
- ⊗ Design and production of Tungsten electrode.
- ⊗ Original Devices
 - Nut & Bolt Tester – Prevention of Mig-welding device.
 - Tip changer – Automated tip changer for Robot system.
 - Cap tip recycle machine – Cap tip Auto dressing machine.
 - Nut & Bolt feeding system.
- ⊗ Design electric control for all automation systems / PLC/Robot
- ⊗ Design and production machine parts/Jig

“ PARTS QUALITY, DELIVERY ON TIME, WITH PROFESSIONAL SERVICE,
DEVELOP AND CONTINUOUS IMPROVEMENT. ”

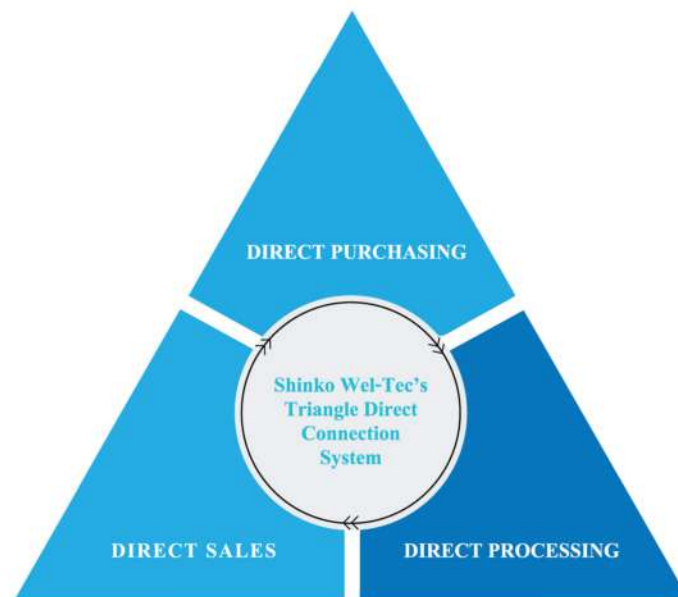

Scope Of Business

Due to in Thailand, this is the one important center of the automotive industry and moreover, the government has the policy to contribute the production and use component parts that are produced within the country for replacing the importing of products. Thai automotive industry will grow up continuously.

The production strategy: The business will expand the production capacity by the method of managing in the production, the management of the raw material system and the inventory including using labors, the determination of the delivery time of products to conform with the production plan.

The marketing strategy: The business will focus on the production and the distribution to consumers by the direct sales method

Machine List

	MACHINE NAME	BRAND	SIZE	UNIT
1.	CNC TURNING CENTER	MIYANO	10x35 (CHUCK 2 SPINDLE)	1
2.	CNC VERTICAL MACHINING CENTER	HARDINGE	540x750/600x100	2
3.	CNC TURNING CENTER	HARDINGE	13x150 (SOFT JAW)	1
4.	CNC LATHE	TAKAMATSU	4x30 (CHUCK)	2
5.	CNC LATHE	OKUMA	6x45 (CHUCK 2 SPINDLE)	1
6.	ROBODRILL	FANUC	X500-Y400-Z400mm.	1
7.	NC MILLING	YAMAZAKI	40x1500	2
8.	LATHE MANUAL	MORI SEIKI	4x80	1
9.	BENCH LATHE	TAKAMATSU	4x30 (CHUCK)	2
10.	ELECTRIC OVEN	CHUGAI	30x3000 C°	2
11.	METAL CUTTING BAND SAW	LUXO	500x500	1
12.	METAL CUTTING BAND SAW	CCAUTO H300-AUTO	300x300	1
13.	METAL CUTTING BAND SAW	ACRA	180x300	1
14.	CHAMFERING MACHINE	FUJIGEN	100x300	1
15.	STAMPING MACHINE (FOR PART NAME)		200x200	1
16.	TABLE DRILLING	KIRA		1
17.	GRINDING MACHINE	FUJI SEIKI		1
18.	WELDING MACHINE	PANASONIC		1
19.	BELT GRINDER	YODOGAWA		1
20.	BENCH GRINDER	YAMABISHI		1
21.	METAL CUT-OFF GRINDER	BOSCH		1

Shinko FA System Co., Ltd. was established in 2019 to meet the needs of machinery development. Issued and built various automation machines According to the customer "Concept" Including installation, maintenance or various after-sales services To every machine we produce It is most efficient and worthwhile for our clients' investment because customer satisfaction is the primary factor in our work.

Which has a subsidiary company, Shinko Well-Tech Service Co., Ltd., located in Wyncoast Industrial Park, Chachoengsao Province and Shinko Kiki Co., Ltd., located in Nagoya Japan
